To whom it may concern

Re: Tom Allen Susic

Tom Susic has been an employee of Apollo Oil Company (also known as Bargain Petroleum Company) from mid-1972 until March, 1977. We were Tom's first employeer and from the very begining, he demonstrated the qualities we look for in our employees: Honesty, integrity and a willingness to work long and hard hours. He started as an island attendant, working for hourly wages and rapidly learned all aspects of our business. In September of 1974, Tom was promoted to Assistant Manager and placed on salary. In early 1975 he was promoted to Manager of our Hayward station and remained in that position until he resigned.

From a Supervisors point of view, Tom and the station he managed remained relatively trouble free. Tom trained his crews well, and comparing his station with the others we have, we received very few trouble calls.

Tom was extremely well versed in our Company's operations, procedures and philosophies and worked well with them. In addition, I must say that he was one of our most orginized managers. His paperwork was always done on time and was neat and accurate.

Should Tom decide that he wants to re-join our Company, we would find a place for him.

If anyone would like to discuss Tom Susic with me personally, I would welcome the call.

Sincerely,

William G. Parker
Supervisor

To whom it may concern:

As regards to Tom Allen Sore, it is
this man's opinion that he would be credit
to any business that should employ him.
Tom's ability to direct our station's operations
from Jan 1975 to Mar 4, 1977 was well
demonstrated. It is with regret that Tom has
decided to leave Apollo Oil Co. We will miss
his leadership and performance at the station
he managed. Tom is an individual that
can be an asset to any type of business in
the area. Tom demonstrates a quality that
few men possess today. This quality is the
ability to stand by his own decision. Tom
is not a quitter. He will stick a problem
out until he has found a solution. Too many
men today avoid problems which require change.
Tom does not. Tom is welcomed back to
Apollo Oil Co. if he so desires.

Respectfully,

Tim Robertson
